Well I know how to drink my whiskey and wine
Know just how to keep my soul in line
But what about destruction that we all face
Now what do we do when it all goes to waste, can you
tell me?

Can you tell me how the story goes?
No one can tell me
'Cause nobody knows
Nobody knows
'Cause nobody knows
Nobody knows

Well now, Satan Sam he's such a sinning man
Plays for the money, takes whatever he can

He says he got the answer tucked right up his sleeve
Give him half a chance and he'll make you believe

What can he tell me?
Just what I suppose
No one can tell me just what I suppose
No one can tell me
'Cause nobody knows
Nobody knows
'Cause nobody knows
Nobody knows
Yeahhh
Nobody knows
Nobody knows
Yeahhh
