You're saying you've been thrown off track
You need some pressure off your broken back
Go get yourself a brand new brand new Cadillac
Go hit the highway, build up speed
Wind in your hair is all you need, yeah

Get up, get down, get crazy
Let it take you let it set you free
Get up, get down, get crazy
Theres so much more you can be
If you set yourself free
If you set yourself free

You say your boss has took the best of you
And now he's looking for the rest of you
Better pack up and get out of there
Run like hell down the street
Feel the rhythm, move your feet

Get up, get down, get crazy
Let it take you let it set you free
Get up, get down, get crazy
Theres so much more you can be
If you set yourself free
If you set yourself free

Now take your future back
Place it in your hands
Let the bad times go
Keep on livin'

The kid is back again
And now he's better than
Better than before
Now he wants more, yeah!

Get up, get down, get crazy
Let it take you let it set you free
Get up, get down, get crazy
Theres so much more you can be
If you set yourself free!

Let it take you let it set you free
Get up, get down, get crazy
Theres so much more you can be
If you set yourself free!
If you set yourself free, yeah c'mon!
