Nobody told you what happened in your past  
Everyone hid you the truth  
You're not what you think to be, run away  
I saw that, then I cried for you!  
Leave the city and never think of revenge!  
It's what they want from you!  
Don't turn your eyes and don't you stop for a breath  
?Cause they'll realize  
Blood of lies inside your life  
It pressed upon your brain  
You didn't know what was the gulf  
You sometimes felt in mind!  
Son of pride and devil's lies  
Your being's made up of limph  
They pulled it out from their own hands  
Sad angel with no God!  
Silent fury inside me  
Sense of guilt inside you  
I must curse my low birth  
I want to pray my God!  
Hold your remorse!  
Shed your load, then growl  
Fail of respect!  
Let your voice explode!  
The 12th of May 1981  
A white hand pointed to the crime  
A crowded square applauded your pain  
I saw that then I cried for you!  
Like a child with every toy  
They're tired of playing with you, you're old!  
Don't turn your eyes and don't you stop for a breathe  
?Cause they realize!  
Blood of lies inside your life  
It pressed upon your brain  
You didn't know what was the gulf  
You sometimes felt in mind!  
Son of pride and devil's lies  
Your being's made up of limph  
They pulled it out from their own hands  
Sad angel with no God!  
Silent fury inside me

Sense of guilt inside you  
I must curse my low birth  
I want to pray your God!  
Hold your remorse!  
Shed your load, then growl  
Fail of respect!  
Let your voice explode!
