[Trash Talk]

Oh, yeah!

Damn, this is smooth.

Yo, a lot of people been askin' what the Hawkman's all about, this one's for you.

[Verse 1]

"E" stands for energy, yo that's me,  
I'm a brilliant scientist and a dope MC.  
Before you step to me I'd think twice G,  
I'm the Lord of Chaos, King of Entropy.  
You down with it? I motherfuckin' hope so,  
'cause if you're not, I got a motherfuckin' rope yo!  
I'll string you up, from a big-ass tree,  
with a sign round your neck that says, "Wack MC".  
There ain't another motherfucker hard like me,  
I'm a universal constant, I'm a singularity.  
Got Doomsday at my back with fat-ass tracks,  
he pumps funk in the cracks and cuts wax with an axe.  
So listen up bitch, 'cause there may be a test,  
my style is smooth, but it's hard to digest.  
My science is tight, rhymes faster than light,  
like a ton of TNT I'm about to ignite.

[Chorus]

E=mc,

E=mc Hawking!

[Verse 2]

I explode like a bomb, no one is spared,  
my power is my mass times the speed of light squared.  
Hoes on my tip, 15 bullets in my clip,  
my hand rests heavy on my pistol grip.  
Doomsday cuts it up like a Shaolin monk,  
pumping the funk in your junk-trunk punk.  
There's no escaping here, I'm gonna beat you out of  
shape,  
like a fucking black hole even light can't escape.  
Got the mind to bust a rhyme to make your brain bleed,  
other rappers talk shit, but they gotta concede,  
that I'm a 3 sandwich eatin', super-model meetin',

step to me punk and you're gonna get a beatin'.  
So listen up bitch, 'cause there may be a test,  
my style is smooth, but it's hard to digest.  
My science is tight, rhymes faster than light,  
like a ton of TNT I'm about to ignite.

[Chorus]

[Trash Talk]

Break down!

Ah yeah, that's right,  $E=mc$  Hawking motherfuckers!

God damn, that was some stanky-ass funk.

Somebody open a motherfuckin' window.

Yo Doomsday, take us out.
