Another rebel runs against the grain
A loner is born
He's filled with anguish
Deep within he's dying everyday
To find his way

He is lost
So consumed

Can you feel it
Somewhere in the fallout
He is someone just like you
Who is lost to find the truth
Can you hear him
From the fire he cries out
For the answer to be shown
As he dares to walk the fallout on his own

So frustrated
He walks the light alone
Courage sets him apart
He is so faithless
All he once embraced he now disowns
He let it go

All the while
He still waits

Can you feel it
Somewhere in the fallout

He is someone just like you
Who is lost to find the truth
Can you hear him
From the fire he cries out
For the answer to be shown
As he dares to walk the fallout on his own

He left behind
He's walking
A-burning still he tries
To unearth the meaning to this life

Cast aside, he's weary
A bleeding to behold
Disconnected, still he fights
Truth alone

Can you feel it
Somewhere in the fallout
He is someone just like you
Who is lost to find the truth
Can you hear him
From the fire he cries out
For the answer to be shown
As he dares to walk the fallout on his own
