I just can say "salaam"

Under the desert stars, I'm ridin' all alone.  
A thousand miles or more, and I've got to go.  
I'm goin' round and round, my town is far away.  
I cannot even believe

What I see, facing me,  
Is comin' out from nowhere.  
Baby, it's a real blue man.  
Smilin' to me, oh boy what can I do  
I just can say "salaam"

What a dream, one night in Arabia.  
You touch the sky and feel a woman.  
What a man, tonight in Arabia.  
He makes me feel like dyin' really.

One night in Arabia,  
Under the desert stars  
I just can say  
I just can say "salaam" in Arabia.
