The love I have for you
Is so deep
I think of you in my sleep

To show you how I feel
As I cry
It's hard to say
How's in my mind

The love I have for you
Is so deep
I think of you in my sleep

Show you how I feel
Know that love is real

I want you in my world
Need you in my life

I want you in my world
Need you in my life

The love I have for you
Is so deep
I think of you in my sleep

To show you how I feel
As I cry
It's hard to say
How's in my mind
