Anger all around the world
Spreading these vibes that is making us whole again
And I want to spit these lines right in your face
Wreck this fucking place, make the people know that
we're back

BACK!
Back in the right track
Sending all the posers back
Down to the ground
BACK!
Back in the right track
With more energy than you can possibly imagine

With Burning Heart holding our back since
More than 10 lovely years, nothing could go wrong
And they never let go, from the first show, the right
choice cause now we're back

BACK!
Back in the right track
Sending all the posers back
Down to the ground
BACK!
Back in the right track
With more energy than you can believe

To be a superstar, drive fancy cars
And lose the grip over whom you are
It has never been our goal to come this far
But with this track we want you to
Understand that we're back
Back in the right track
Spreading these vibes that is
making us whole again

BACK! (Back)
BACK IN THE RIGHT TRACK!
BACK!
Back in the right track
Sending all the posers back
Down to the ground

BACK!
Back in the right track
With more energy than you can believe

We will continue to make all the songs exactly
How we like them no matter what
We will go out on tour and make all the people go
insane whether they like it or not
We will continue to make all the songs exactly
How we like them ready or not
We will go out on tour and make all the people go
insane
Whether they like it or not
