Everything you say is not true  
but we believe in what you say  
cause  
no one expect you to be wrong  
or at least to lie although  
you're using it just to be a little  
bit harder than the rest what  
do you want from me I'm  
playing hardcore is that so  
fucking hard for you to see is  
this your new idea that  
everybody should be like hell  
to be you stand there like a  
softboy and you smile is it just  
something that I've imagined  
or is it for real our souls are  
like two different files but there  
is something you should  
remember you're not keeping  
your friends like that  
chorus: why can't you give  
yourself a chance  
why can't you prove that  
you're a man  
why are you lying with precision is it  
so hard to  
make a decision my anger  
towards you is strong I want to  
prove that you are wrong with  
just this song to treat people  
bad is not my thing among us  
we stick together just to keep  
inside of the ring  
what do you...  
chorus:  
give yourself a chance
