Doesn't matter if we stand behind, if we play grind, if
we get unsigned
It's not a fancy dream about a supremeteam that
screams 'bout fighting regimes
Ten years passed by and you ran along
You ran along with your fucking urge to belong

When will you get this right? - When... right
(It's not) A fanatic rite
It's only a name in the theatre light - theatre light
It's not about a cool website

When will you get this right? - When... right
(It's not) A fanatic rite
It's only a name in the theatre light - Theatre light
It's not about acting like a rock star at night

Dedication is essential to succeed, anticipation is all
you need
Guess it's time for us to explain how we fill ourselves
up with the energy to remain
You play in a band, you want to expand but you
misunderstand
You're aiming at fame, you want to lay claim but you
should be ashamed

When will you get this right? - When... right
(It's not) A fanatic rite
It's only a name in the theatre light - Theatre light
It's not about a cool website

When will you get this right? - When... right
(It's not) A fanatic rite
It's only a name in the theatre light - Theatre light
It's not about acting like a rock star at night

Struggling to get into a fucking nice review
Looking for a camera lens that can capture a picture of
your crew
Still the same need for fame & a stage name
I cannot explain the feelings I have for you

Feeding the clothing store, so unsure when we're on
tour
You better start running again or you'll end up in the
slow lane
You think it's about profit & loss, sucking up for the
boss
Acting like everything is for sale
