Go! Go! Go! Go!

There's no justice, there's no one telling the truth
In the search for money they're forgetting all about the
youth

Out of all that shit we came out strong
We've definitely lost trust in people who are making the
mistakes that we have to carry

We must do something before we die

Cos I will never tolerate murder to justified
Everything is about how much you pay
We have to turn the wheels back
Cos we're the soldiers of today

With the best interest in mind we try to turn the wheels
back

But the solution feels kind of remote
And that's the reason for us to continue going on
With our rebellic side at the front
Cos we're the soldiers of today
And we're here to shock the fucking crowd

We must do something before we die
Cos I will never tolerate murder to justified
Everything is about how much you pay
We have to turn the wheels back
Cos we're the soldiers of today

Commercial Warfare
Increased abstinence for profit
Hiding my existence
?

Commercial Warfare
We have to take a stand now
We have to represent the good side

You don't have nothing to say
Cos we're the soldiers of today
You don't have fucking anything to say
Cos we're the soldiers of today
