As I walk through memories
And at the end of these
I've burned a lot of pain to see you within
Deep powdered my skin and it's (burning)

And I wanna break through to you
Try to speak to you (and I)
And I seem to get to what's right
But you're not listening right

When you went through my head
Turned it upside down
Fuck you, sick of you all the time
(I'm sick of you all the time...)

And some of your shit, reaches my evil side
And I can't deny, some of these times
I wish you would die

Listen up, All the time, Suck it up
You just cannot see it
(Sick of you all the time)
Listen up, All the time, Suck it up
You just cannot see it

Why can't you learn to read the sign
Read between the lines
Closer to what I want to say
And now I totally feel

Instead I have to put all this in rhymes
Some I seriously am gonna buy
Does it make you feel fine
(No resisting)

When you went through my head
Turned it upside down
Fuck you, sick of you all the time

And some of your shit, reaches my evil side
And I can't deny, some of these times
I wish you would die

Listen up, All the time, Suck it up
You just cannot see it
(Sick of you all the time)
Listen up, All the time, Suck it up
You just cannot see it
(I'm sick of you all the time)
Listen up, All the time, Suck it up
You just cannot see it
Listen up, All the time, Suck it up
You just can't believe it
(I'm sick of you all the time)

Went through my head
Turned it upside down
Fuck you, sick of you all the time

Some of your shit, reaches my evil side
Some of these times
I wish you would die

Listen up, All the time, Suck it up
You just cannot see it
(Sick of you all the time)
Listen up, Suck it up, Listen Up
You just cannot see it
(I'm sick of you all the time)
Listen up, All the time, Suck it up
You just cannot see it
Listen up, All the time, Suck it up
You just can't believe it
(I'm sick of you all the time)
