Please come join the action
It doesn't matter if you're smaller than a fraction
Let's break the armistice
Together, we're stronger and that's my advice

'Cause we can see things clear now
Let's endanger everything without fear now

Why does the hate seem to escalate?
Let's turn it down before it's too late
We are the ones to blame for losing fate
In this long twisting sick debate

You can model as a scapegoat
You want to know why, 'cause you gave them your vote
Now let me be straight with you
Make the same mistake and that makes us two

Why does the hate seem to escalate?
Let's turn it down before it's too late
We are the ones to blame for losing fate
In this long twisting sick debate

Please come join the action
It doesn't matter if you're smaller than a fraction
Let's break the armistice
Together, we're stronger and that's my advice

'Cause we can see things clear now
Let's endanger everything without fear now

Say what you wanted to say
I'm ready to pay the dues to uphold the truce in every
way
But as a matter of fact, there's something wrong in this
act
The role of Stupid should be played by you

Say what you wanted to say
I'm ready to pay the dues to uphold the truce in every
way
But as a matter of fact, there's something wrong in this

act

The role of Stupid should be played by you
