"You Ignore Them All"

The conflict has been fierce from the start
Too many people a lot of brain and a lot of heart
Building the foundation of violence to be
Bloodstain on the VCR, radio and the TV

Acting like we didn't see this coming
Ignoring all the bombings and the war with the king
Who's pulling the strings, he's on top of the food chain
But without the wings, without the wings, without the wings

I can't live with this
Need to take a stand we need to resist
If nothing really happens I'm truly ashamed
And I might start a riot and take full blame

Sending your judgments on the weaker, poorer
Sicker you ignore them all because you're smaller
And you want to put yourself high up in the sky
Can I ask you why?

Sending your judgments on the weaker, poorer
Sicker you ignore them all because you're smaller
And you want to put yourself high up in the sky
Can I ask you why?

I know I should be better but I cannot take this shit
I'm just a stupid guy I'm the first to admit
You say you have no part I'm not gonna buy it
The same type of lie, I got a big supply of it

Acting like we didn't see this coming
Ignoring all the bombings and the war with the king
Who's pulling the strings he's on top of the food chain
But without the wings, without the wings

Sending your judgments on the weaker, poorer
Sicker you ignore them all because you're smaller
And you want to put yourself high up in the sky
Can I ask you why?

Sending your judgments on the weaker, poorer

Sicker you ignore them all because you're smaller
And you want to put yourself high up in the sky
Can I ask you why?
