The locusts are singing The sun is red It's gotten so late somehow There's gonna be trouble You know what they said We should have been home by now We should have been home by now The thunder is rolling The sky is black It's gotten so dark somehow There's gonna be danger God i wish we were back We should have been home by now We should have been home by now No matter what they tell us No matter what they do No matter what they teach us What we believe is true No matter what they call us However they attack No matter where they take us We'll find our own way back I can't deny what i believe I can't be what i'm not I know i'll love forever, i know - No matter what. If only tears were laughter If only night was day If only prayers were answered.
