let's begin

let's all martyr my mother

I forget

you're the wonder walker

what is there

this to our caged Mrs.

and is it Ma?

and can it be your Ma?

we all are here

we all are just right near

and in my ear

I hear what you are now

haul me on

underneath the magic

under all along

what is this thing I see

ordinary, ordinary

haul me on

let me tell the world

how you are

what will your wife remember

ordinary, ordinary

haul me on

now that you've opened

all of our dull minds

let me thank you most repeating

hands, eyes, tongue
