(Hook)

My tea's gone cold I'm wondering why I  
Got out of bed at all  
The morning rain clouds up my window  
And I can't see at all  
And even if I could it'll all be gray,  
But your picture on my wall  
It reminds me, that it's not so bad,  
It's not so bad

(1st Verse) J-1

Dear Father God  
Creator of all mankind  
Why is it that  
What happens to a there's don't happen to me?  
The closest person in my life, my mother  
Had left and moved to Florida  
My grandfather had gotten sick  
Sick from cancer  
And I remember bein 13 and waken up  
And findin my godmother dead  
Dead from cancer  
All this was runnin throw my head  
I remember this person givin me a pill  
Tellin me to go head and take  
That it will make me fell better  
Then the next thing you know, I'm an addict  
An addict to pills  
And all I could think about  
Was the time when I was 16  
And I want to this play called  
Heavens Gates or hells flames  
I remember what I saw, hit me so hard  
I gave my self to you that night Lord  
And became a Soldier Of Christ  
Then when I was 18  
I thought I was in Love  
Got married and drop out of High School  
That's when I became week and fell to my knees  
But not only did I become an addict  
I also became an alcoholic

A madafact my best friend my brother, J. Peace  
We use to drink and get drunk together

(Hook)

My tea's gone cold I'm wondering why I  
Got out of bed at all  
The morning rain clouds up my window  
And I can't see at all  
And even if I could it'll all be gray,  
But your picture on my wall  
It reminds me, that it's not so bad,  
It's not so bad

(2nd Verse) J. Peace

Dear Father God  
Creator of Heaven and Earth  
There are so many people  
Suffering from satins curse  
Many wonder why, they live a hard life  
At the same time  
There are those who rather serve the devil then the  
Savor  
And that's a real sham  
But people need to know that Jesus Christ die for them  
And he bleed on the Cross  
Cause he was trialed by them  
Some times life seems like a dead end  
There's no were to go  
But people need to know that God is in control  
I remember wasting my life drinking bottles of booz  
With my brother J-1  
In till one day we accepted your Savor, Jesus Christ  
And became a Soldier  
A Soldier Of Christ

(Hook)

My tea's gone cold I'm wondering why I  
Got out of bed at all  
The morning rain clouds up my window  
And I can't see at all  
And even if I could it'll all be gray,  
But your picture on my wall  
It reminds me, that it's not so bad,  
It's not so bad

(3rd Verse) Archangel

Dear Father God  
Hallow be thy name  
In this moment I'm go to ask of you  
Why is it that my life is so lam?  
Every day there seems to be, an upcycled my way

Makin it hard for me to say  
To have a conversation with you and say  
That I'm so closet to losing my mind  
People telling me that I'm different  
They even tell me that I'm not kind  
I fear that the devil is  
Always consoling me  
Some times I even  
Wake up and I see his face smiling right at me  
But you could see what evil deeds I would do  
I would lye, cheat, and steel  
And do this all be hind you  
Help me Lord  
I seek your peace and Love  
Give me what I need  
So I can be with you above  
Thoughts of suicide  
Race in my life  
On a daily basses  
I even think about hurtin a there people  
A gents what Jesus Christ says  
I send a prays to you Lord  
And serch for your forgiveness  
Have Marcy on me, and forgive me for my daily  
sickness

(Hook)
