Breaking to the movement of the fall  
We began to wonder of our home  
We were still so young  
We were still so wrong

Like a sinking captain on his boat  
I will bring you flowers to your door  
Tell me that we'll live long  
Lie to me and tell me that your fears are gone

Breaking all the walls behind  
Kiss the fever, turn them blind  
Cause I'm breaking down  
On the fortress of my land  
I will sink into this dance  
Cause I'm breaking down

And I've got no one to sing  
Would you like to dance with me?  
I still miss you anyway  
Every single day  
Let the devil take you in  
With his mischief and deceive  
That's the only way to find  
The end of times

Have you come for questions I don't have  
Look for live your own way and not mine  
I will send you letters  
Try to send me answers

Come and hear the music of my heart  
Let my music guide you from behind  
Tell me that you still care  
Show me tears and let them bleed for me

Breaking all the walls behind  
Kiss the fever, turn them blind  
Cause I'm breaking down  
On the fortress of my land  
I will sink into this dance  
Cause I'm breaking down

And I've got no one to sing  
Would you like to dance with me?  
I still miss you anyway  
Every single day  
Let the devil take you in  
With his mischief and deceive  
That's the only way to find  
The end of times
