Nina what you're doing at night
Nina i know that i was so blind
Nina you deserve more than i
Oh Nina don't you never cry...
Nina, girl it was just because
Nina then the problems arose
Nina solitude is too bad
Oh Nina forgive me what i made
Nina, where are you..?
Nina, who are you, who are you..?
Nina don't you never see
Nina what then will be
Nina the reason to die
Oh it's that what makes me cry
Nina what I ever said
Nina it's time for the dead
Nina remember me always
Like as it was yesterday
Nina it was a mistake
Nina i do it for your sake
Nina you had gone
Oh forgive what i have done
Nina it is a long road
Nina all the things i thought
Nina i can't say it now
Oh Nina don't shout it out
Nina, where are you..?
Nina, who are you, who are you..?
Nina don't you never see
Nina what then will be
Nina the reason to die
Oh it's that what makes me cry
Nina, Nina... Nina, Nina...
