Summer is marching in  
I hear fireworks at the end of the street down by the  
shore  
Where you might get what you're looking for

So it's a good time to say goodbye  
It's a good time to let it lie  
Been stumbling around in the dark  
Oh I've had a change of heart

I thought you wanted a sad one  
But you wouldn't have none  
It's time to let the light in

I was afraid  
I was afraid  
I'm done with those days  
And it's time to let the light in

Winter went on and on  
Inside with the curtains drawn  
Slowly losing our minds  
We were trapped reading letters from another time

But I'm gonna have to leave it behind  
If the summer's gonna make you mine  
We'll get there if we have to crawl  
Through the mud and the alcohol

I thought you wanted a sad one  
But you wouldn't have none  
It's time to let the light in

I was afraid  
I was afraid  
But I'm done with those days  
Honey it's time to let the light in

I thought you wanted a sad one  
But you wouldn't have none  
It's time to let the light in

I was afraid  
I was afraid  
But I'm done with those days  
It's time to let the light in,
