YOU BETTER RUN!!

Well, ever since you've ever been with that girl  
You haven't been yourself  
Are you out of your mind?  
She says she really cares for you  
But you know that it's a lie  
You know you're gonna die  
You know that in your last semester  
It'll take you second years  
She breaks your heart from time to time  
You know that you're blind  
Run! You better Run!  
Because the girl on your dream is only half the fun  
Time! Time has come  
When you have to state your mind  
Now you know that it's just wrong

Well, I don't know how to tell you son  
She's only trying to hurt you  
You gotta stay awake  
The warm and tender misteress  
With evanscent blue eyes  
She's the devil in disguise  
I know that seeing two of you  
You'll realize some day  
She fools around behind your back  
You gotta get away!

(CHORUS)

Run! You better Run!  
Because the girl on your dream is only half the fun  
Time! Time has come  
When you have to state your mind  
Now you know that it's just wrong  
You know that in your last semester  
It'll take you second years  
She breaks your heart from time to time  
You know that you're blind!

Well, she knows that you don't have time to see her  
Still You'll see that it was a lie

Your thought it was domains  
The regular turning back to plan  
Is all over now!  
You're buried alive!  
You know that in your last semester  
You don't have any years  
She holds your heart and makes you cry  
She makes you slowly die

Run! You Better Run!  
Because the girl on your dream is only half the fun  
Time! Time has come  
When you have state your mind  
Now you know that it's just wrong  
Run! You better Run!  
Because the girl on your dream is only half the fun  
Time! Time has come  
When you have to state your mind  
Now you know that it's just wrong

RUN!!!!!!!!!!
