Ever bleeding, always thinking
A little bit insecure
The look in your eyes I am seeing
Just how unsure

The world is up and down today
You wish it would go the other way
Choices made that day were made
And it's not okay

And I'll get by another day
As I try and watch this day go by
And I'm just trying to fit in
Which is good giving the state I'm in

Watching days go by
I see the sun, I see your eyes
I see your soul, I see your love
Out of control
And I'm watching days go by once again
The way I feel inside
I keep watching days go by day by day
And I don't know why
I keep watching days go by
I keep watching days go by

Ever bleeding, always thinking
A little bit insecure
The look in your eyes, I am seeing
Just how unsure

The world is up and down today
You wish it would go the other way
Choices made that day were made
And it's killing me

This world is always chasing me
It's pulling me down onto my knees
It's breaking me down
It's breaking me in
Causing this state I'm in

This world is always chasing me
It's pulling me down onto my knees
It's breaking me down
It's breaking mine
Causing this state I'm in
And I get by another day
As I try and watch another day go by
Watch another day go by
