"Shot Down"

Can't you see you're falling
Where you thought that you were safe
I am not recalling a single word that I said
No I'm not stalling, there's just one thing left to say
Your love's calling, there's just trust in the way

I wake up 'cause tomorrow's calling
I'm not down where you are crawling
I drink it up, I drink it up
I'll grab your hand and lift you up

I'm shot down, I'm self-relying
I'm belly up and I'm shot down
I drink it up, I drink it up
I grab your hand and life you up

I'll take you one place, and I'll fall away
There's so many times I know that I should stay
And I don't want another fly by night
Maybe one day, we'll see eye to eye
