Look in the mirror girl
What you see is true
I do see tears falling down you
It's not the glamor girl
That you thought you'd be
You'd seen something better
So much is going wrong
Now all respect is gone and left you here
Folded over

Wake up, look inside yourself
And let go, you've got to let it
Wake up, look inside yourself
And let go, you got to let it go

Purple pansies and the dreams you thought you'd
freed
Agreed, you're just not finding
You left a perfect world to find that inner girl
A pearl, so beautiful
One look into your eyes
The sad mascara lines slowly fade away
As tears fall down

You've got to let it GO!
Can't you see?
What you can be!
