Di nava du cendirmeyan

suce pire dayika seran
cima sere xwe li ciyayan

birin pire ji gund bi dur xistin
hovitya xwe li dar xistin
cilen pire tev qetandin
pore spi hilkisandin

pire digot hewar, hewar
Van bebavan cane me xwar

pire kur kur dinaliya
rondik ji cavan bariya
cerg u dil li pere heliya
cave xwe gerand li ciya

pire got, lawo bi heyran
ev dijmîne min a hovan
li ber xwe bidin weki seran
me xelas kin ji van halan

pire sed tif li dine ani
got, ev insaneti kani..?
