Oh, It Seems that his life wasn't meant for you.
You've had so many many years to be oh so lonely.
Now your mind is yelling darling settle down,
Buy a car and search for wedding gowns,
Cuz he's so undeserving.

He missed his flight back home.
Another 200 dollars, he knows,
She's worth the time
So he gets back in his car and drives.

This is no nightmare.
How'd you let this happen?
You should have stayed there,
But you let her go.
Turned your spineless back and just let her go.

Oh, I know that his life wasn't meant for you.
Let me take you out, a night for two, Ms. lonely.
Could he ever buy you any diamond rings?
I could give you almost anything.
I'm so God Damn Amazing.

He left the tour too late.
It's just a couple more miles,
He hopes she'll wait for him,
He knows she'll wait for him.

This is no nightmare.
How'd you let this happen?
You should have stayed there,
But you let her go.
Turned your spineless back and just let her go.

This is a Nightmare I'm still waiting darling.
