It's not like you to betray when no one's looking  
Could it be that it's all just my perspective  
And You could heal me if I was on the ground  
If I was on the ground  
If I was on the ground  
If I was on the ground  
Cause what this is and what this feels like  
Are probably two different things  
I'm as blind as I've ever been when it comes to You  
You make me weak, make me strong  
I'm alone if I belong  
Cause not like You just means it's really not like me

It's not like You to give me no good answers  
And it doesn't meant that You're not really there  
If I could see all this from Your perfect point of seeing  
I would probably know the answers now  
And see how much You care  
How much You care  
See how much You care  
Cause what this is and what this feels like  
Are probably two different things  
I'm as blind as I've ever been when it comes to You  
You make me weak, make me strong  
I'm alone if I belong  
Cause not like You just means it's really not like me  
Not like You just means it's really not like me  
Not like You just means it's really not like me  
Not like me  
Not like me  
Not like me  
Not like me

No not, not  
Really not like me, yeah  
Cause what this is and what this feels like  
Are probably two different things  
I'm as blind as I've ever been when it comes to You  
You make me weak, make me strong  
I'm alone, if I belong  
Cause not like You just means it's really not like me  
Cause what this is and what this feels like

Are probably two different things  
I'm as blind as I've ever been when it comes to You  
You make me weak, make me strong  
I'm alone if I belong  
Cause not like You just means it's really not like me  
Cause not like You just means it's really not like me  
Not like You, not like You, not like me  
Not like You, not like You, not like me
