to long ive waited for this moment  
tormented by the thought that i could lose a good  
thang  
not yet, i havent completed my mission  
only wishing that you could be my only lover  
know i support, guilty of the charge that i committed  
don't wanna be acquitted baby, just forgive all my sins  
my heart is reaching out, after all i put you through  
i need you more and more, oh yes i do

can't you see, girl that i've changed  
i begging to come back to you  
my whole life has been rearranged  
so tell me, tell me baby, what else can i do?

last night, we made love just one more time  
was it wrong, was it right  
last night, it felt good to me, oh baby (2x)

don't cry, it feels to good to be sad,  
just smile, it got a little emotional  
don't leave, don't resist this ecstasy  
this love was meant to be, forever and ever

can't you see, girl that i've changed  
i begging to come back to you  
my whole life has been rearranged  
so tell me, tell me baby, what else can i do?

last night, we made love just one more time  
was it wrong, was it right  
last night, it felt good to me, oh baby(continue  
repeating)
