And so the beat goes on Yeah the beat goes on I'm coming on too strong You don't adore me

You push me out of bed And climb inside my head Over my dreams you'll tread Happened before, see

You don't adore me You don't adore me You don't adore me

Yeah, you can say what you want I've heard it before As you head for the door I am sure you don't adore me

You can say what you want I've heard it before As you head for the door I am sure you don't adore me

It happened in a flash
It happened in a flash
You made a lonely dash
I couldn't find you

You said that you'd call me Oh baby when you're free But I'm just so lonely The phone don't ring, see

You don't adore me You don't adore me You don't adore me

Yeah, you can say what you want I've heard it before As you head for the door I am sure you don't adore me

You can say what you want I've heard it before As you head for the door I am sure you don't adore me
