Give me your heart, give me your soul

Give me your heart â€¦ x2

Give me your heart, give me your soul

Give me your heart â€¦ x2

I am a single lady

I'm waiting for your love

And I don't need your diamonds

I wanna have your heart â€¦ x2

Give me your heart â€¦ x2

Give me your heart, give me your soul

Give me your heart â€¦ x2

One night with me and you will see

I am the one you've been waiting for

I'll melt the ice I'll make you rise

Like a beautiful sun, next to me

Give me your heart â€¦ x2

Give me your heart, give me your soul

Give me your heart â€¦ x2
