--Christian Rock--

I woke up in the morning,  
and I got myself some oatmeal,  
and I put some raisins on it and,  
Christ is God,  
Christ is God,  
God, God, God...

--Jewish Rock--

I woke up in the morning,  
and I got myself some lox and bagels,  
and I put some cream cheese on them and,  
Christ isn't God,  
he's just not God,  
he's a really nice guy but don't get carried away...

--Atheist Rock--

I woke up in the morning,  
and I got myself a whole box of Cinnamon Toast  
Crunch,  
'cause I just don't care anymore,  
and there is no God,  
sorry about that,  
your Grandma's in the ground and her soul's stayin'  
there...

--Agnostic Rock--

I woke up in the morning,  
and I got myself some organic wheat puffs,  
and I put some soy milk on them and,  
there might be a God,  
there's really no way to know,  
he might be a fish or he might be a spoon...

All I wanted was a song about oatmeal.
