I am not sure why but I feel alright  
I didn't live it all last night, last night  
It was no such dream  
It was real as dirt  
I think I feel all right, but I am not sure  
Wohohoho

The car came down and the gravel flew  
I didn't care and didn't care to move  
Got stung got hit  
But I am walking still  
Walking when and where my body will  
Wohohoho

But courage is the smallest bird that flutters in my  
Hand  
Courage is the only word I'll never understand

There is no great feat to run on ice  
To face the trifids that phantomise  
That hover over each lonely cow

Defenders of such hates and head size  
Wohohoho

But courage is the smallest bird that flutters in my  
Hand  
Courage is the only word I'll never understand

Take the armies to boiling sea  
Raising banners through rolling smoke  
You parachute two men at field  
And settle safe in the arms of a mighty oak  
Wohohoho

But courage is the smallest bird that flutters in my  
Hand  
Courage is the smallest bird that flutters in my hand  
Courage is the smallest bird that flutters in my hand  
Courage is the only word I'll never understand
