I was paving all down on the summer to the ground  
You know I need is someone to come around, I was so  
wrong, baby  
I was so wrong, baby  
Just in time my baby came to me saying "what you get  
is what you see"  
And now she, she want have it only

No-one can do what you do to me, honey  
You're right on the money  
No-one can do what you do to me, honey  
You're right on the money

I ain't rich, I got a fancy car but I've got your loving and  
my guitar  
That's all I need, that's all I need  
When you're doing what you doing to me  
Well, the left bend's easier and I can see that's all I  
need  
Baby you're all I need

No-one can do what you do to me, honey  
You're right on the money  
No-one can do what you do to me, honey  
You're right on the money

No-one can do what you do to me, honey  
You're right on the money  
You're right on the money  
Yes, right on the money  
Right on the money  
Right on the money  
Right on the money
