Sorrow

Is it a complacent fear

That no one else is here

No confidence just fear

Composure

Is something I always lack

I guess I'm just a hack

Spiraling down give me something to hope for

Wherever you may go

My mind is so empty

Wont you be my memory

Wherever you may turn

My mind is so empty

Wont you by my memory

Anger

Something I always feel

I guess I'm just stuck here

No confidence just fear

Forever

Something that's on my mind

I'm your one winged hero

Wasting time, Wasting time

Wherever you may go

My mind is so empty

Wont you be my memory

Wherever you may turn

My mind is so empty

Wont you by my memory

So hold on

Tell me what your after

Don't look

Your wasting everafters

Sit down

Don't say this never mattered

I'm my own personal disaster

So hold on

Tell me what your after

Don't look
Your wasting everafters
I'm my own personal disaster
I'm my own personal disaster

Wherever you may go
My mind is so empty
Wont you be my memory
Wherever you may turn
My mind is so empty
Wont you by my memory
