So turn it up,
I'll hate this,
Like a noisetank,
Breaking the lame walls of my existence,
I'll Burn it down.
I'll erase this,
Like a quick fix,
Double dose hit for the faceless pinhead,

You know your on a roll, When everything feels cold,
When everything feels old,

Here we go,
Turn it up so loud it takes me home,
A silent starry night it takes control,
For once in my whole life I know that,
I am not alone,

I want it all,
No Resistance,
Like a noisetank,
Breaking the lame walls of my existence,
So tear it down
I'll fix this.
Put fate in it's place,
And make your hope seem endless,

You know your on a roll, When everything feels cold,
When everything feels old,

Here we go,
Turn it up so loud it takes me home,
A silent starry night it takes control,
For once in my whole life I know that,
I am not alone,

Here we go
You know your on a roll, When everything feels cold,
When everything feels old,

Here we go,

Turn it up so loud it takes me home,
A silent starry night it takes control,
For once in my whole life I know that,
I am not alone
