Did you ever really love me?
Clearly, the answer is no.
But I let myself believe
That you could be true.

Now you told me it's over
But I can't get over you
Every day I try to break free.
I'm stuck here in a prison and you've got the key
Cause guess who's still in love with you?
Clearly, it's me.
Clearly, it's me.

I got to, got to
I got to make me a plan (Clearly, you do)
Maybe find another lover (Clearly, but who?)
But every pair of loving arms
Reminds me of you.

Why can't I leave you behind? (Just walk away)
You're always running through my mind (All night and
all day)
Every day I think it might be
The day that I erase you from my memory
But guess who's still in love with you?
Clearly, it's me.
Clearly, it's me.

You're more than a memory
And less than a man.
And clearly, I've done
The best that a woman can.
What is it about you
That brings me to my knees?
I've got to stop dreaming
And figure out how to see clearly.
(Clearly, clearly)

Do I sound like a mess? (Clearly, you do)
I guess I tend to obsess (Clearly, that's true)
Why do I do this to myself

When clearly we're through?
Every day I think that finally
Today I'm gonna get back my sanity
But guess who's still in love with you?
Clearly, it's me
Clearly, it's me...
