(Patrick Gammon)

The flame is burning  
Deep inside your eyes  
And what you wanted  
And it's no surprise  
There ain't no comparing  
In what you got to give  
And I'm hot and ready  
Ready to love and live

[Chorus:]  
I gotta jump into the fire  
Straight into you  
I gotta jump into the fire  
That's what I got to do

I feel the deep heat  
Deep inside my soul  
Smoking like a furnace  
With passion out of control  
Oh, it makes me nervous  
Like love at first bite  
Ready for some action  
Ready for tonight

[Chorus]

Unh! Unh!  
I feel the deep heat  
Deep inside my soul  
Smoking like a furnace  
With passion out of control  
There ain't no comparing  
In what you got to give  
And I'm hot and ready  
Ready to love and live

[Repeat Chorus 2x]
