School's out, they say I'm grown up now  
School's out, everything's new  
School's out, but I'm not sure somehow  
Tell me what shall I do

Teacher, look into my eyes  
Teacher, give me some advice  
Touch me for I'm dreaming of l-o-v-e, love  
Teacher, I can hear a bell  
Now I'll learn my lesson well  
Teach me for I'm longing for m-o-r-e, more..  
Oh, ohhh, oh, oh

School's out, I gotta find my way  
School's out, I gotta go  
School's out, but I ask you to stay  
Tell me what I don't know

Teacher, look into my eyes  
Teacher, give me some advice  
Touch me for I'm dreaming of l-o-v-e, love  
Teacher, I can hear a bell  
Now I'll learn my lesson well  
Teach me for I'm longing for m-o-r-e, more, more...

Teacher, look into my eyes  
Teacher, give me some advice  
Touch me for I'm dreaming of l-o-v-e, love  
Teacher, I can hear a bell  
Now I'll learn my lesson well  
Teach me for I'm longing for m-o-r-e, more

Teacher--  
Teach me, teacher--
