Hey Rachel K  
Why not stay Rachel K  
Where you been Rachel K  
Stay, stay, stay Rachel K

We joke around they're not laughing  
We'd go on guilt trips they're still packing  
We'd stay up all night they're all crashing  
We take it all without asking.

I spent the summer trying to remember  
One good reason why I should forget her  
You hear the phone but you don't ever answer  
Until a voice said welcome to November

Hey Rachel K where have you been lately?  
One day you're here with me  
The next you've gone away  
Rachel K where have you been lately?  
You shot straight for the stars  
But did you get that far?

We like the cold when they're freezing  
We'd like to scream when they're breathing  
And I'd play anything as long as we're competing  
But you'd win anyway cuz you'd always be cheating

I spent a summer trying to remember  
One good reason why I should forget her  
You hear the phone but you don't ever answer  
Until a voice said welcome to November

Time has chosen a side  
Hey it's not on yours  
No it's not on mine  
Oh this time

Hey Rachel K  
Why not stay Rachel K  
Where you been Rachel K  
Stay, stay, stay Rachel K
