

Good Day

"On My Own Again"

Visit "[On My Own Again](#)" on MotoLyrics.com

It's been a long time since you left me on the floor
Every day since I've been knocking on your door
Every day since I've been calling on the phone
Every day

(CHORUS)

'Cause I'm on my own again
All alone again
On my own again
Without you
On my own again
All alone again
On my own again
Without you

It's been a long time since you left me here for dead
Every day I'm thinking of the words you said
Every day the thoughts of you go through my head
Every day

(CHORUS)

It's been a long time since you tore my heart in two
But every day I just can't stop thinking of you
Every day though I begin to start anew
Every day

(CHORUS) x2

All alone again
Without you...
