I swallow hate from your betrayal and face deception
flood

Surrounded by the truth that things will never return

Again, the same it's not what used to be

Now it's a new reality

Now things are turning clear

I've followed you until the end believing every word

For me you where the sanity against the most absurd

A guide, a friend

An honest understand

A faithful healing Holy land

So insane

Now I break

...and try to turn things...

Clear

Clear

Clear

Clear

I know that I have made mistakes but that's the way it is

I don't deny that somehow I have made you shed some

tears

But all I keep it's what I can't forget

You're give up, my regret

Thrown away

Now I face

... That I must turn things...

Clear

Clear

Clear

Clear

Thrown away

Now I face

... That I must turn things...
