So many times, I taste the flavor of defeat
The ending line for a moment incomplete
A broken voice, a broken heart, a broken sky
I feel so aside

Drop
Drop down
Drop
Drop down

Uncertainty drawn me back into the field
Once again, I dream about what could be real
I push it hard I take it out to the extreme
I try to redeem

Drop
Drop down
Drop
Drop down

I suffocate inside I crawl
I'm closing in I can't recall
The smile I had upon my face
The love I had yet to enlase

Let it out, let it out, let it out, let it out
Let it out, let it out, let it out, let it out
Let it out, let it out, let it out, let it out
Let it out, let it out...Drop down

So taking life by the way that it should be
Sometimes it's best to rely and set things free
Giving a chance opening and letting it through
I start something new

Drop
Drop down
Drop
Drop down
Drop
Drop down
Drop

Drop down
