Without you, there's no reason for my story  
And when I'm with you I can always act the same  
Forever, yeah if we're together  
We can make it better

You and I  
We never get to sleep we're up all day  
We're overworked and under paid  
You and I  
We're always stuck in repeat day by day  
Watching time drift away as we burn away

Without you, there's no reason for my story  
And when I'm with you I can always act the same  
Forever, yeah if we're together  
We can make it better

You and I  
We've never felt so right  
That just might be just what I need (to get me through  
the night)  
You and I  
We're the perfect fit you've got me hooked  
So then I could never never quit, I just burn away

Without you, there's no reason for my story  
And when I'm with you I can always act the same  
Forever, yeah if we're together  
We can make it better

Oh oh oh-oh oh oh-oh (x2)

Without you, there's no reason for my story  
And when I'm with you I can always act the same  
Forever, yeah if we're together  
We can make it... We can make it...  
(x2)

Without you, there's no reason for my story  
And when I'm with you I can always act the same  
Forever, yeah if we're together

We can make it better

Oh oh oh-oh oh oh-oh (x2)
