Circle Sky  
Telling lies  
Raison d'etre  
Idol threat

'Cause it looks like we made it once again  
Yes, it looks like we made it once again

Color Sound  
Run aground  
Seagull sails  
Holy Grail

'Cause it looks like we made it once again  
Yes, it looks like we made it once again

It's a very extraordinary scene  
To those who don't understand  
But what you have seen you must believe  
If you can, if you can

Hamilton  
Smiling down  
NRG  
Falling free

'Cause it looks like we made it once again  
Yes, it looks like we made it once again

It's a very extraordinary scene  
To those who don't understand  
But what you have seen you must believe  
If you can, if you can

Circle Sky  
Telling lies  
Raison d'etre  
Idol threat
