I believe you [4x]

I believe you on a sunny day
I believe you chase the clouds away
I believe you

I believe you on a rainy night
I believe you put the moon to flight
I believe you

Whoa oh oh
Whoa oh oh
I believe you

I believe your body
I believe your heart
I believe we're one
I believe we'll part
I believe you

I believe you warm
I believe you'll stay
I believe you cold
I believe you'll stray
I believe you

Whoa oh oh
Whoa oh oh
I believe you

The engines of your love
Achieve escape velocity
I'm catapulted into space
for moments I am free
Then a trap door drops;
I'm plummeted
Into quicksands of despair
I'm consumed by flames of agony
Till you tell me that you care

Whoa oh oh
Whoa oh oh
And I believe you
I believe you

Whoa oh oh
Whoa oh oh
I believe you
I believe you
What else can I do?
I believe you
I believe you
What else can I do?
What else can I do?
