If you were an apple  
I would take a bite  
If you were a lemon  
I would squeeze you tight

CHORUS:

You're so good I've got to have you  
You're so good that nothing else matters  
You're so good  
You're so good  
You're so good for me

If you were a penny  
You'd be good as good  
If you were a snowball  
I would love the cold

CHORUS:

'Cause you're so good I've got to have you  
You're so good that nothing else matters  
You're so good  
You're so good

You're so good  
You're so good for me

If you were a candle  
I would light your fire  
And if you were hot labor  
I would never tire

CHORUS:

'Cause you're so good I've got to have you  
You're so good that nothing else matters  
You're so good  
You're so good  
You're so good  
You're so good for me

You're so good  
You're so good

You're so good  
You're so good for me
