Lying still  
Movement no more  
Until forever more  
I thought you didn't remember  
Until the sand ran out  
Until the sand ran out  
You're just a puppet  
Suspended in mid-air  
Dictated by those  
Who pull your beckoning strings  
Lying still  
Movement no more  
Until forever more  
I thought you didn't remember  
Until the sand ran out  
Until the sand ran out  
You're just a puppet  
Suspended in mid-air  
Dictated by those  
Who pull your beckoning strings  
Puppet  
I love you puppet  
Pull those beckoning strings  
Pull those beckoning strings  
Puppet
