She was meant, meant to be the one for me

She was once, not now, my only love

Why don't you know, why don't you care

Why don't you realise?

What she did to me, meant to me

Leave me, why don't you leave me alone?

Why don't you know, why don't you care

Why don't you realise?

What she did to me, meant to me

Leave me, why don't you leave me alone?

I'd like to make it clear

To make it crystal

To make you know at first, show at first

Leave me

I'd like to make it clear

To make it crystal

To make you know at first, show at first

Leave me

I hate her now, despise her now, loathe her now

Hate hate hate, hate her now, yeah

She's disgusting

Disgusting to me

Why don't you know, why don't you care

Why don't you realise?

What she did to me, meant to me

Leave me, why don't you leave me alone?

On and on and on and

On and on and on and

On and on and on

How much i loved her, loved her

Why don't you know, why don't you care

Why don't you realise?

What she did to me, meant to me

Leave me, why don't you leave me alone?

On and on and on and

On and on and on and

On and on and on

How much i loved her, loved her, loved her

Leave me, leave me, leave me alone

Leave me, leave me, leave me alone

Alone, alone, alone, alone, alone, alone, alone

Leave me

Alone
