Beautiful body on the floor  
You're so pure and I write  
Little messages in blood  
On your shining white skin  
It's so nice to here  
keep it quiet my dear  
Forsaken enemy and friend  
Cold as ice in the  
End of your time  
So lovely  
Rest through your dawn  
and let me be

Huge faceless human beings  
Plans my future  
Making the table turn  
Against me

I reach my hanf to feel your breath  
But it's no longer there  
You're so peaceful as you stair  
At someone you can't  
See in the end  
So lonely  
This final dawn  
Will let us be

Realize your prophesy  
is just another way  
to make your sense weaker  
When you see the sickness  
in the maiden's eyes  
Time will make you  
Fade away into the death of  
Nothingness  
Bury all the promises from  
times of betrayal  
Then you'll find peace

This lake of sorrow brings me peace  
He wants to sink into its deep  
And innocence
