Drowning in my emptiness  
Love is no subject if my hate isn't there  
Strangled by the curse of loneliness  
pleasure's no subject if pain is not there

I'll take your hand and I will help you fight  
your bedevilled mind come to my peaceful island...  
cry...into deep suffocation...  
I want to breathe but my throat has disappeared  
I claim to be sane that this is just another dream  
but the beast inside my head keeps sending pictures of  
you dead...  
We're on the train of no return no absconding  
don't turn your head don't look around  
We have to reach the other side  
no compunction because of all the thing's I've done  
don't you try to fool me  
you think that I'm mad  
but I'm not all your stupid stories  
I'll never trust you what you got  
Catch me kill me help me free me fear me avoid me  
Please don't listen to my oath  
all these familiar faces it's like  
I've been here before  
Eyes glance at me before they turn around  
at first they seemed so nice  
smiling at me but I know better now  
I'll never get away alive

We're on the train of no return  
no absconding  
don't turn your head  
don't look around

we have to reach the other side  
no compunction because of all the thing's I've done  
don't you try to fool me  
you think that I'm mad but I'm not all your stupid storis
